

To whom it may concern,

I have been using Door to Door Flyer Distribution for over two years now, and I have consistently received superb service and support. I have used other delivery companies in the past but was never confident that my flyers are actually being delivered to my target area, or in many cases delivered at all! I was ready to give up on this form of print advertising, which was quite disappointing as this "old school " method is quite effective in this day and age of online advertising overload, when I decided to give Jack and his team a try. Am I ever glad I did! They truly go the distance.

Every step of the way; the sales team is always ready to help with every campaign, their GPS tracking is awesome and they always communicate with me to keep me up to date on the status of my delivery. Best of all, I don't have to wonder when and if my flyers are reaching their targets. I KNOW they are!

Keep up the fantastic work!
